

Struer, 31. januar 2022

Restrictions and self test kits

Dear boarding school students.

After the 1.2.2022 all restrictions in society have been lifted. Please be aware of changes in travel restrictions – leaving and entering Denmark again.

The school can decide to make local restrictions.

School:

From 1.2.2022 you do not need a covid passport to enter the school, and you do not need to wear a facemask in the building at all. But you are free to do so, if you want.

We will keep handing out selftest kits and facemasks as long as we have any.

Boarding school:

Due to the high numbers of infected people in Struer and to the fact, that the restrictions are lifted, we will keep two restrictions **until 21.2.22:**

5. no guests at the boarding school

6. no alcohol

From the 21.2.22 we will return to the normal boarding school rules again.

It is very important to keep focus on these guidelines on behavior and hygiene the next couple of weeks:

You must wash or disinfect your hands

- Use the dispenser at the entrance – EVERY TIME
- Please remember to wash your hands:
Whenever they are dirty, after visits to the toilet, before and after eating, after blowing your nose and after coughing.

Pay extra attention to:

- Cough and sneeze into your sleeves. Wash your hands afterwards
- Clean your PC keyboard etc. every day

Contacts

All students at the boarding school are other contacts with each other, since you do not share rooms, but have individual rooms.

If one student in your block is positive - then

You should take a rapid test at once and on day 3, but you don't need to isolate. This is valid for everyone, unless you have been infected within the last 12 weeks.

If you are infected with covid 19:

If you test positive, you must contact the staff at once. They will help you.

If you have a positive PCR-test, you must isolate until the symptoms are gone – at least 4 days. If you have no or only lighter symptoms, you must isolate 4 days.

[Infected \(coronasmitte.dk\)](https://coronasmitte.dk)

Absence:

We will register absence as usual. If you are not present in the classroom, you will be registered absent in the relevant lessons. But no student will receive warnings due to covid-related absence. Please make sure, that you note the reason to your absence in Lectio,

Greetings,

Mads Brinkmann Pedersen

Principal
